Grafiken und Bilder sollten in das Dokument eingebettet werden. Graphics/figures should be embedded in your digital file using standard graphics format .jpg or .gif with sufficient resolution. Please do not use very small lines (e.g. type H) in your drawings, because they will disappear by printing.

Please prepare your paper for black & white reproduction. Color images (photographs, illustrations, figures) may be incorporated, however, they will be reproduced in black & white in the proceedings volume. Please check the black & white reproducibility of color images in order not to loose information. A proceedings volume with all papers reproduced in black & white and a memory stick with all papers in original form (including color images) will be distributed at the conference site to the participants. You are free to embed the figures where you want.
